The hotel offers a wide selection of cuisine in a variety of restaurants. The restaurants are located on the ground floor and enjoy little natural light.

Location: The hotel is located only 10 minutes from the city center. The nearest metro station, Florenc, is only a 2 minute walk away and the main railway terminus is only a 10-15 minute walk.

Rooms: The rooms themselves are medium in size, though they are very comfortable and well furnished to a good standard. Bathrooms are modern and functional, though not particularly luxurious.

Exterior: This strikingly modern building is a huge square construction made of glass. It is set back from the busy main road and surrounded by neat gardens.

Lobby: The lobby is very large, more like a small shopping mall with several service desks, numerous seating areas, bars, shops and even an indoor waterfall. This is a lobby on a grand scale, very impressive with a glass atrium roof acting as a central focal point.
